ADULT & TEEN WORKSHOPS

ACRYLICS / IMPRESSIONIST LANDSCAPE
If Claude Monet were painting today, he would most likely be using acrylic paint! Acrylics dry very fast, allowing for layering without the wait time, making it a great choice for outdoor painting. Acrylics may be used opaquely or transparently, and with the addition of various acrylic mediums, they can “impersonate” almost any other type of paint! Learn about this versatile medium while creating your own Impressionist masterpiece. Materials included, feel free to bring your own if you wish.

Dates: 4/25, 6/13
Thu 1-4pm Fee:$75 kac staff 1 wk

COLOR MIXING
Although it is one of the most essential tools an artist may have at their disposal, this fundamental is often overlooked or rushed. In this workshop we will give color mixing the time it deserves and learn various techniques and principles to enhance your paintings. Materials Included.

OUTDOOR PAINTING & LECTURE
FRI. & SAT., MAY 4&5, 2019,
FREE LECTURE
FRI. EVENING MAY 3 - 7PM
We are thrilled to welcome back to KAC artist Henry Finkelstein for this Plein Air workshop to be held at Caramoor Center for the Arts in Katonah, NY. Mr. Finkelstein, the son of artists Louis Finkelstein and Gretna Campbell, received a BFA from Cooper Union and a MFA from Yale School of Art. In addition to instructing at the National Academy and the Art Students League of New York, Finkelstein has taught and lectured at Brooklyn College, Haverford College, Maryland Institute College of Art, Pennsylvania Academy of Fine Arts, the University of the Arts in Philadelphia and Lyme Academy College of Fine Arts. Although he works from life, Finkelstein is influenced especially by painters of the Abstract Expressionism movement.

BOAT HOUSE AT MALESTRO, OIL ON LINEN

At Caramoor with KAC.
The Katonah Art Center is honored to have Master Watercolorist Charles Reid facilitating a two-day workshop on April 6 and April 7, 2019 from 9:30 - 4:00 PM.

Mr. Reid will do a demonstration each morning and students will have the opportunity to work from the still life and model in the afternoon. Charles is proficient at contour drawing and teaches how to concentrate on interconnecting shapes rather than drawing separate objects. He is a master of the medium of watercolor and his paintings are fresh and spontaneous, displaying his profound understanding of light and color. His figures are beautifully rendered, in a simple, gestural manner. As an artist, teacher and author, Mr. Reid is renown throughout the United States and Europe. He teaches watercolor and oil painting workshops focusing on portraits, figures, landscapes and still life.

He has written eleven books as well as instructional videos including Charles Reid’s Watercolor Secrets and Charles Reid’s Watercolor Solutions. Mr. Reid was born in Cambridge, NY and studied art at the University of Vermont in Montpelier and The Art Students League in NY. The following are some of his awards: The Childe Hassam Purchase Prize at the American Academy of Arts and Letters; Purchase Award from Shanghai International Biennial Exhibition in 2013; Gold Medal from the Portrait Society of America in 2013.

Date: 4/6
Sat. & Sun. 9:30 am-4pm Fee: $495 2 days

"My painting is all about emotion, mood and atmosphere" —Rae Smith

We are happy to have Rae Smith teach this workshop on June 23 at 1 pm. She was elected Master Pastelist by The Pastel Society of America in 1997, is their 2014 Hall of Fame Honoree. She has exhibited her pastel and oil paintings throughout the United States, as well as Japan, China, France Italy, Russia, Taiwan and Canada.

Her work has sometimes been abstract and then at other times, more realistic, but always her very own impression of a place, time, or figment of her imagination.

There was a time that all of her works were of, or included people, but when she moved to the country, Nature took hold of her, and she began to specialize in Landscape painting and the pastel medium.

PASTEL LANDSCAPE WITH MASTER PASTELIST RAE SMITH

Learn this beautiful medium while creating a landscape from a photo of your choice. All materials included.

Dinky Designers  In this innovative camp we will delve into the joys of home design - on a very mini scale! Using large cardboard boxes, paint, paper, fabric and more we will make our very own mini houses...complete with mini people to live in them! Students will learn about conservation and recycling as we creatively re-use objects that might otherwise be discarded.

Poppin’s Poppets  Kites, umbrellas, porpoises and more....campers will love this whirlwind of imagination! We will create our own jolly holiday while learning, creating and imagining!

LOL Kids  Large eyes, crazy hair...we will make our own versions of these popular toys using a variety of materials.

In Monet’s Garden  Children will take a trip through art history learning about different artists and art movements. Campers will learn while creating their own interpretations of famous artworks.

Hatch & Learn  Will it be a dinosaur, a chicken or a snake inside our paper mache eggs? Our littlest campers will have a blast creating and “hatching” the creatures they have made from a variety of art materials.

Rock N’Roll Diner  Order up! In this silly camp we will make our very own diner at KAC. Campers will create everything (even our diners name) themselves. We will make menus, choosing our favorite foods to put on them. We will make models of our favorite foods and design our wait staffs outfits. We can then “play” pretend diner and invite fellow campers to visit!

Murphy’s Mutt Rescue  Murphy, a rescue dog and KAC’s mascot,is the inspiration for this exciting new camp! In this camp we will make our very own animal rescue center, complete with animals, crates, name tags, leashes and more. We will then “adopt” out our pets (to each other), complete with adoption certificates!

Rock N’Roll Diner

Peanut Puppeteers  From tiny dogs to sock monkeys, kids will make a variety of animals. Campers will then make a story around their creations and have a puppet show on the last day of camp.

MONSTER MAYHEM

MONSTER MAYHEM

Where in the World?  Campers will learn about world geography while exploring the art and customs of different countries and creating a variety of art projects reflecting the cultures we study.

Weekly Camp Fee:
- Half-Day: $360
- Full-Day: $720

Extended-Day Option:
- 8:30-9:30am $15 /day,
- 4-5:30pm $20 /day
**Young Builders** Calling future architects! In this class we will look at different types of architecture and design our own dream houses. Once our concept is sketched out, campers will build their house from a mix of foam core boards, wall paper, carpet samples and more!

**Design Studio** This camp is perfect for the child that is individualistic and has lots of creative ideas. Students will learn about different types of design and how design is evident everywhere—from phone covers to the shoes they wear on their feet. Campers will have a blast developing their own design line, creating their own products such as t-shirts, buttons, stickers, phone cases and more.

**Draw, Draw, Draw!** Pencil, pen & ink, charcoal and pastel! In this camp we will experiment with different drawing mediums while learning the basics of drawing. Campers will learn to draw faces, animals, landscapes, botanicals and more! Each day will have a “free draw” session where kids can work collaboratively or independently on the subject of their choice.

**Painting Animals!** In this camp we will first learn how to draw the forms that make up most animals. Students will then choose one animal to paint on a large canvas. Students will have the choice of working in oils or acrylics.

**Painting in Acrylics and Oils** Students will learn the basics of using both oils and acrylics, both the similarities and the differences. Students will choose their own subjects as they explore different techniques specific to each. Students will also learn color mixing and experiment with different painting mediums and surfaces.

**Fashion Mash-up** (gr. 3-5) Take that old pair of jeans, ripped jacket, stained t-shirt or silk scarf and create something fabulous and new. In the class we will design new outfits using a variety of skills. Students should come with a vision of what they want to make and a bag of old clean clothes.

**World Crafts** Travel the globe while exploring the arts and crafts of foreign lands and learn the customs and traditions of various nations around the world. We will then create our own artwork that reflects the traditional art forms of several nations.

**Comic Books** If your child loves comic books you can imagine the fun he or she will have creating their own! In this camp students will learn the basics of cartooning, how to draw characters in movement, how to create different facial expressions and more. Campers will come up with their own character and storyline and then create their own comic book.

**Squishies & Slime** Part science, part art! In this camp we will design and create our own line of Squishies characters as well as a variety of sticky and goopy slime.

**Jewelry-making** Learn the basics of beading, wire art and polymer clay bead-making while creating beautiful jewelry for yourself, family and friends. Earrings, bracelets, necklaces, hair-clips and more! One of our most popular camps. This camp is limited to 8 students.

**Soaps, Salts & Lotions** Come be part chemist, part marketing agent and create your own line of products. Campers will make different kinds of bath salts, soaps and scents incorporating natural oils, flowers and herbs. We will then create logos and packaging for our product lines.
STEAM CAMPS

Board Game Coders (gr 3-8)  
(Gr. 3-5) In this STEAM camp students will play boardgames while learning to code on tablets. This will be a fun learning environment which stimulate, both sides of the brain! Class is limited to eight students.

Robot Builders  
(gr. 3-5)  
This STEAM camp is a perfect introduction to robotics! Students will learn scientific principles as they design and build robots from a range of parts including controllers, sensors and motors. This camp is limited to 8 students.

Mechanical Animals  
(gr. 3-5)  
Campers will design and create their own animal robots using STEAM educational parts and programs. Part art and part science, this camp is sure to engage active minds! This camp is limited to 8 students.

3D Printing for Kids (gr. 3-5)  
In this STEAM camp, students will use the software Blender, to design and render their own 3D prototypes by printing them on our MakerBot printers. This camp is limited to six students.

Animation for Kids (gr. 3-5)  
Campers will learn the basics of animation to create their own cartoons. Each student will develop their own characters and story-lines and then bring them to life using Flash Animation and Wacom tablets. This camp is limited to six students. Bring a flash drive to transfer work.

Make a Horror Film (Gr. 3-5)  
Campers will work collaboratively to write and shoot our own (not too scary) “horror movie.” Class will cover screenwriting, storyboarding, shooting, acting for the camera, and editing on iMovie®. Our film will then be posted on YouTube® to be shared with friends. This camp is limited to six students.

Make a Comedy!  
(Gr. 3-5) Kids love to be silly and this is the place to do it! Campers will design and shoot their own movie from a script they write themselves! Class will cover screenwriting, storyboarding, shooting, acting for the camera, and editing on iMovie. Our film will then be posted on YouTube to be shared with friends. This camp is limited to six students.

POTTERY

Clay for Kids Campers will learn to hand build while making a variety of projects such as bowls, cups and vases. Students will also receive an introduction to the pottery wheel. Please note that pottery pieces must be fired and therefore do not go home with students at the end of the camp week. You will be notified when your child’s work is ready for pick up. Please send an old towel each day for clean-up.

Pottery Wheel for Kids  
(Gr. 3-5) This small camp will focus solely on the wheel. Learn the basics of wheel throwing and how to create different forms. This class is limited to six students so register early and bring an old towel each day for clean-up. This camp is limited to 10 students.

TEEN INTENSIVES

A great option for teens who love art and might be too old for, or bored by, traditional day camps. Each one-week session will focus intensively on a single topic. Our goal is to instill in each camper the skills needed to continue to explore the subject independently. Teen campers should dress appropriately for art and bring a snack each day. Full-day campers should also bring a lunch.

Outdoor Landscape Painting
Experience the joy of painting outdoors at various locations, such as Ward Pound Ridge, Muscoot Farm, and Caramoor! Two days of the camp week will be spent in the studio, learning plein air techniques, which will be used on our three days outdoors. Bus transportation will be provided; transportation fee - $100, due upon registration. Material list and itinerary will be sent via email.

Outdoor Painting, Animals!
In this camp we will visit area farms and learn how to depict the animals (this time of year there is often a chance to see the baby animals!) We will spend two days in studio learning plein air techniques to be used on our three days outdoors. Bus transportation will be provided; transportation fee - $100, due upon registration. Material list and itinerary will be sent via email.

Runway Challenge
Students will learn about all aspects of fashion design and creation. They will learn to plan out and illustrate their pieces before going over various sewing techniques in order to complete at least one finished garment by the week’s end.

Sculpture / Animals
Learn the basic sculpting skills needed to create life-like animals in clay. Using small scale models and reference materials students will sculpt the animal of their choice.

Manga & Comic Con
A crash course on all things Comic Con related! Learn cosplay tips and tricks as we make costumes and props based on our favorite characters. Learn Manga, the distinctive style of Japanese cartooning used in Anime films. Perspective, background design, special effect techniques, facial expressions and body language will be covered. On Friday, we will hold our own mini Comic Con and invite our friends and other campers to attend! Check our our Manga Photoshop camp as well.

Painting

Animals, Large!
In this camp we will learn how to draw the forms that make up different types of animals. Students will then choose one animal to paint on a very large canvas. Students will have the choice of working in oils or acrylics.

Encaustics: Painting in Wax
Learn how to paint with a mixture of melted beeswax, pure pigment, and Damar resin. In encaustic painting, each layer is melted to the one below, giving the piece depth and luminosity. Students will learn how to melt, mix, and apply wax to create a variety of surface effects. Students will also learn how use photographs and other collage effects for creating texture and interest. There will be a $50 material fee for this camp.

Oils & Acrylics

Students will learn the basics of using both oils and acrylics, both the similarities and the differences. Students will choose their own subjects as they explore different techniques specific to each. Students will also learn color mixing and experiment with different oil painting styles such as, impasto, glazing, dry brushing, layering and more. We will also experiment with various brushes, surfaces and palette knives. A material list will be provided upon registration.

Large-Scale Drawing
In this drawing intensive students will learn to draw from the clothed model. Students will work on large paper (minimum 24”x36”) In charcoal, starting with gesture drawings and progressing to longer more finished pieces. Students will learn about perspective, foreshortening and composition helping them to develop a sense of shape and proportion. The work done in this class will be a valuable addition to a portfolio! There is a $50 material fee for this camp.
POTTERY CAMPS

Pottery, hand-building
Campers will learn to hand build while making a variety of projects such as bowls, cups, and vases. Students will also receive an introduction to the pottery wheel. Students should check the website schedule to see when work is ready to be picked up. Please bring an old towel each day for clean-up.

Pottery Wheel Intensive
This small camp will focus solely on the wheel. Learn the basics of wheel throwing and how to create different forms. This class is limited to six students so register early and bring an old towel each day for clean-up. This camp is limited to 10 students.

COMPUTER CAMPS

Digital Design Studio
Using Photoshop and Illustrator campers will design their own logo and product line. Students will design a cell phone cover and a laptop “decal skin” which will be ordered and delivered to each student's house when complete. This class is limited to six students. There is a $75 material fee for this camp.

Manga Photoshop
Learn to draw digitally Manga with Adobe® Photoshop and Wacom® tablets in the same way that professionals do. This is an advanced class and should be taken after our Manga class. This class is limited to six students.

GarageBand
Learn to use GarageBand, a fully equipped music creation studio. With a full range of instruments and sound effects at their fingertips, students will create their own soundtrack. Learn, play, record, create, and share your hits worldwide! This class is limited to six students.

Creating Web Comics
Self-published web comics have become all the rage as writers and artists alike use Tumblr as their publishing platform for their work. In this camp, students will learn how to develop a character, create a model sheet, and publish several of their own panels online. This class is limited to six students.

3D Printing for Teens
Experience the future with this remarkable medium. Learn how to design, model and 3D print an object on the computer using various applications. There is a $50 material fee for this camp. This camp is limited to six students.

SPECIALTY STUDIO

Expressive Fused Glass
Express yourself in glass! In this camp you will learn the skills needed to make fabulous fused glass pendants, earrings and more. We will also learn a screen printing technique that uses dry glass powder to create images with rich textures and colors on glass. For safety, please wear long pants with closed heeled shoes. $75 material fee. Limit 8 students.

Printmaking - Linocut
Take an opportunity to learn one of the oldest forms of craftsmanship. Explore the printmaking process taking your design from a sketch to a carving to a print. Learn skills that will give you endless crafting possibilities. Printing is an excellent way to create something that is truly hand made, and can be very easily replicated. We will work with linoleum and print on paper and fabric.

Creative Metals
Campers will learn the craft and art of metal-smithing in our new specialty studio. Students will learn to shape, solder, and texturize while making rings, necklaces, and more. Material fee: $50 due upon registration.

Jewelry & Clay Silver
Students will learn the basics of beading while creating earrings, necklaces, bracelets and more. Students will also spend one day working with Clay Silver, a medium shaped by hand and fired. The end product is 99.9% pure silver. Students receive their own tool kit that is theirs to keep at the end of the week. Note: There is a silver material fee of $50 for this class.

Fashion Illustration
Learn the tools and techniques specific to the fashion industry while designing and illustrating your own fashion line. Students will learn to draw the elongated proportions of the fashion model and other concepts such as color and pattern, fabric selection, shape, line, texture, and composition.
