Expressive Twos, Threes & Fours and Four & Fives

Our Expressive Kids program is designed to stimulate visual, intuitive thinking through process oriented art rather than product oriented art.

What does process oriented art mean?
No cookie cutter projects, EVER!
Providing children with HUGE sheets of paper
Painting with mediums other than paint
Using tools other than brushes
Creating art that doesn’t have to look like anything!
Getting really, really messy
Never asking “what is it?”
Not worrying about getting paint on the walls, floor, ceiling, etc.!
Encouraging imagination!
Providing diverse visual and tactile experiences
Building fine motor skills
Encouraging creative thinking and experimentation
 Entirely child driven
