ART

Expressive Kids Program

Our Expressive Kids program is designed to stimulate visual, intuitive thinking through process oriented art rather than product oriented art. What does process oriented art mean?

- No cookie cutter projects, EVER!
- Providing children with HUGE sheets of paper
- Painting with mediums other than paint
- Using tools other than brushes
- Creating art that doesn't have to look like anything!
- Getting really, really messy
- Never asking "what is it?"
- Not worrying about getting paint on the walls, floor, ceiling, etc.!
- Encouraging imagination!
- Providing diverse visual and tactile experiences
- Building fine motor skills
- Encouraging creative thinking and experimentation
- Entirely child driven
